MY, THIS IS TROUBLE!

Fitzer is said to be pressing Flynn hard for best place. It is a cavity Fitzer desires to fill.—Leader.

Full a small splint out of your office broom and it will fill any cavity that Fitzer would, barring his whiskers.—Okeene Eagle.

The Chickasha Record puts it this way: The beneficent laws of this great government must extend to all sections alike to give all its people an equal chance of development. To withhold from a certain section the benefits of a republican form of government is like in effect to preventing the sun from shining upon one acre of a great field.

FRANCIS SCHUYLER, the alleged miracle worker, is soon to be in New York, and the Sun suggests that a committee of scientific men be appointed to investigate and report upon his so-called miraculous cures. It is a proposition, however, that the gifted Schuyler will undoubtedly reject. Science and the supernatural cannot meet upon any common ground.

OLATHIE, Kan., Oct. 15.—At a meeting of the state board of charities, A. A. Stewart was removed as superintendent of the State Deaf and Dumb institution here and H. C. could again view a presidential contest with serene indifference as to the result. That they expect to control both conventions and dictate both nominations is as sure as that the sun shines.

THE A. P. A.'S

Advisory Board of the Organization Meets in St. Louis. ST. LOUIS, Mo., Oct. 15.—The advisory board of the American Protective Association met here yesterday. The fifty delegates present represented nearly every state and territory in the union.

The main avowed object of the present meeting is to perfect a national organization, in accordance with the general plan agreed upon at Milwaukee a year ago, and which shall perform a like function in the forthcoming presidential campaign as that performed by state and local advisory boards in state and local elections. That is, the religious affiliations and influences which surround each of the candidates nominated for president and vice president will be rigidly investigated, and a report thereon will be made to all the members of the party dot throughout the country to guide them on election day.

MISSOURI FARMERS.

First of a Series of Forty "Institutes" Held at Ladonia.

LADONIA, Mo., Oct. 15.—The Missouri Farmers' Institute, the first of a series of forty to be held in the state, began here yesterday. The institutes are held under the auspices of the state board of agriculture for the discussion of agricultural and horticultural topics, and considering such other subjects as will continue Missouri in the front rank among live stock breeders and agricultural producers of the world. Hon. T. B. Terry, of Hamilton, chairman; Professor H. J. Waters, Missouri College of Agriculture, and Hon. N. F. Murray, of Oregon, Mo., spoke yesterday. Mr. Terry's address on "Cover Raising" was especially interesting and instructive; also that of Mr. Murray on "Apple Raising."

Five Children in Three Hours.

DELAKE, Ohio, Oct. 15.—Mrs. John Langdon, the wife of a farmer living near here, gave birth yesterday, within a space of three hours, to five children, all of them males. The five children are apparently fully developed, though frail specimens of humanity, and the attending physician believes they will all live. Mrs. Langdon has experienced no serious results from the extraordinary achievement. She is now 35 years and has three other children. She weighs 140 pounds and her husband 165.

Ratio of 16 to 1 Not Favored.

ATLANTA, Ga., Oct. 15.—The meeting of the Farmers' National congress yesterday furnished a sensation in the vote on an amendment to a resolution petitioning congress to enact laws preserving the parity of gold and silver and providing for an international conference. The amendment provided that congress be invited to consider how to preserve a ratio not higher than 16 to 1, and it was lost by a vote of 251 to 107. The delegates from the Western silver states voted for the amendment.

GUTHRIE, Ok., Oct. 15.—United States Marshal Nix has word from Lawson, east of here, that C. L. Miller and wife were murdered in cold blood by unknown parties Wednesday night, and Will Miller, the son, so badly wounded that he cannot live. C. J. Miller is a brother of Bruce Miller, who was killed in the same manner last fall. It is supposed that the McElroy gang, part of which is under sentence at Fort Smith for the murder of Dutch John and Bruce Miller's wife and child a year ago, committed the deed.

A SPECIFIC FOR—La Grippe, for Colds, Coughs, AND LUNG TROUBLES, AYER'S CHERRY PECTORAL

"Two years ago, I had the grippe, and it left me with a cough which gave me no rest night or day. My family physician prescribed for me, changing the medicine as often as he found the things I had taken were not helping

Finally, my husband, reading one day of a gentleman who had had the grippe and was cured by taking Ayer's Cherry Pectoral, procured for me, a bottle of this medicine, and before I had taken half of it, I was cured. I have used the Pectoral for my children and in my family, whenever we have needed it, and have found it a specific for colds, coughs, and lung troubles."—EMILY WOOD, North St., Elkhorn, Md.
